odisha,bhubneswar

EDUCATION

Kalinga Institute of Industrial Technology   Bhubaneshwar, Odisha
Bachelor of Technology in Computer Science CGPA- 7.82   jun. 2022 – jun. 2026

TECHNICAL SKILLS

Languages: C/C++,Python, Java, SQL, HTML/CSS, JavaScript
Developer Tools: Git, Visual Studio, PyCharm,
Libraries: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Tensorflow, Pytorch
Relevant Coursework: Data Structures, Algorithms Analysis, Software Methodology, Database Management System, Operating System, Object Oriented Programming,Computer Networks, AI/ML

PROJECTS

1.FoodMandu – Restaurant Management System | HTML, CSS, and PHP   nov. 2024 – jan 2025

- project Link: https://github.com/rohitgupta445/FoodMandu-Restaurant-Management-System-
- Project Overview: Developed a full-stack restaurant management system that enables customers to browse menus, place orders, and track delivery, while allowing admins to manage food items, orders, categories, and users efficiently.
- Tech Stack: Built using PHP, MySQL, HTML/CSS, and JavaScript, incorporating CRUD operations, session management, and dynamic front-end interactions.
- Key Features: Implemented secure user authentication, real-time order status updates, food item categorization, admin dashboard for analytics, and responsive design for optimal user experience.

2.Portfolio | HTML, CSS, JavaScript   july 2025 – july 2025

- project Link:https://github.com/rohitgupta445/portfolio-rohitgupta
- website Link: https://portfolio-rohitgupta.vercel.app/
- Project Overview: Created a personal portfolio website to showcase skills, projects, certifications, and experience as a web developer and data enthusiast.
- Tech Stack: Designed using HTML, CSS, JavaScript, and integrated libraries like Typed.js and Font Awesome for animations and icons.
- Key Features: Includes interactive sections such as auto-typing text, scrollable certificate section, GitHub links for live projects, a fixed footer, and responsive design for all screen sizes.

Certifications

Red Hat System Administration I (RH124 - RHA)   july 2025
- Completed a 40-hour training on Red Hat Enterprise Linux 9.3 fundamentals, including command-line operations, user management, and system configuration.
- Gained hands-on exposure to Linux system administration under official Red Hat curriculum and instruction.

Skills Gained
- Linux Command-Line Proficiency
- User and Group Administration
- File System Management
- Process and Service Control
- System Security and Permissions
- Red Hat Enterprise Linux Environment

Deloitte – Cyber Job Simulation | Certificate of Completion   july 2025
- Completed Deloitte Cybersecurity Virtual Experience Program (via Forage), focused on real-world simulations of cyber threat analysis, risk management, and incident response.
- Gained practical skills in identifying and mitigating cybersecurity risks, aligning with industry standards and frameworks.
- Issued by Deloitte and Forage, verifying successful completion of hands-on tasks reflecting workplace scenarios in cybersecurity.
